

## Lab 04 Exercise

## UI/UX Design and Development

**[ Duration: 22-26 August 2022**

**Due Date: 26<sup>th</sup> September 2022 at 11PM ]**

1. Create application with multiple Activities and a Simple Menu using ListView.  
Implement the following list items to display the content accordingly:
  - a. Message - Open Message App available using service manager.
  - b. Map – Popup the text field to enter the address and retrieve the location from the google map
  - c. Image – ContextMenu item to display the selected image.
2. Develop an App following the context to the Druk Zakar App. The app should have implemented the following features:
  - a. TabLayout (Swipe and Tabs)
  - b. Fragments
  - c. Lateral Navigation within single tab (For example, Zakar tab can present navigate to different days)
