

LAB 06 - BACKGROUND OPERATIONS

(AsyncTask and AsyncTaskLoader)

[Date: 5/09/2022

Due Date: 11th September 2022 at 11PM]

1. Implement the AsyncTask and AsyncTaskLoader of the tasks given in the link below:
<https://developer.android.com/codelabs/android-training-async-task-async-task-loader>
2. Mock Test-I:
 - a. Design an application where you can retrieve the data from online free data resource (search for free data source)
 - b. Display the retrieved to users with facility to scroll up and down.

Note: Check for internet connectivity and use exception handlers to handle the network error
